The report is coming along but Oct 31st is looking a little tight - If possible, we should extend it until the end of the year just to make sure we're covered.

Hi Lisa!

Thanks for the email. Jeff LeProwse (GIS) and I are working on the report!  
I hope to have a rough draft to you and Dean by October 12th for review.

I took longer than a few weeks to review, re-work and return the Little Blackfoot roads report; however, most of those issues have now been streamlined.

If you could extend the contract that would be much appreciated.

Thanks!  
Kim

Hi Kim,

I just got an email from the contract manager at DEQ that the contract is set to expire at the end of October. How are things coming along? Do we need to extend the contract?
